

## services for collectors

Cultural Connotations provides assistance and advice to private and corporate collectors. Our specialists can help you both to protect your objects and your investment in them.

We can assist you to provide the best care for your precious collection. This includes advice on suitable storage, appropriate displays and packing for transport.

Our experts can also organise that paper trail for you. Appropriate documentation is vital if you later want to sell an object, lend it to an exhibition, arrange for its insurance, or leave it to your heirs. These services will enable you to be better prepared for exhibitions, loan requests, researchers, publications, disasters, insurers, the taxation department and lawyers! We can provide staff to

- catalogue your collection
- prepare condition reports
- undertake curatorial research
- introduce suitable storage
- author publications
